NRIsConnect (from www.NRIsWorldWide.net) is the World's First Location Aware NRI Dating & MatchMaking iPhone App for NRIs Across the World beginning a new era of exciting times for all NRI Singles across the World .

It lets you contact Online Single NRIs near to you using GPS location in real time. Whether you are in a Club or in a new city anywhere in the world or even in your local town centre, you can check if anyone local matching your interests and tastes is online and up for a Coffee or Game or Salsa or even for a Date!

Find out who is single and looking and lives near to you. The matchmaking part of it is presented in "user search" screen where you can refine your search based on languages spoken, interests and likings.

e.g. Search :- Punjabi Speaking female, age between 17-24 , looking for friendship and dating having interest in Salsa and Bollywood Songs and the App will find out the girl in the same town/city Anywhere in the World matching your interests. Contact her there and then. :)

Girls get 12 months free access to Premium features of the App (Currently "Contact User" feature) when they join and everyone gets 2 months free as a start. If you participate in the monthly

"fan of the month"

competition on facebook
